PROFESSIONAL SUMMARY

Driven Information Technology senior specializing in full-stack development and business analytics. Proven track record of engineering and deploying government-grade web applications as a sole developer. Expert in digitizing manual workflows through PHP, MySQL, and GIS visualization. Committed to system reliability through rigorous QA and UAT protocols.

TECHNICAL SKILLS

- **Web Development:** PHP, JavaScript (ES6+), HTML5, CSS3, Python.
- **Database & Analytics:** MySQL, Google Analytics, Google Ads Measurement, Microsoft Excel.
- **Frameworks & Tools:** Bootstrap, Git/GitHub, VS Code, Figma (UI/UX).
- **QA & Testing:** System Testing, Bug Tracking, Test Case Development, User Acceptance Testing (UAT).

RELEVANT DEVELOPMENT EXPERIENCE

Full-Stack Web Developer (Sole Developer) | *City of Sto. Tomas PDAO* | May 2025 – Dec 2025

- **Digital Transformation:** Engineered and deployed a comprehensive "Client Management & Analytics Portal," successfully migrating a government office from a manual, paper-based record system to a digital infrastructure.
- **System Architecture:** Developed a secure Admin Dashboard using PHP and MySQL to manage sensitive constituent data, increasing service efficiency and data accuracy.
- **GIS Integration:** Implemented advanced Geographic Information System (GIS) mapping modules to provide demographic visualization for better resource distribution.
- **Quality Assurance:** Executed end-to-end system testing and User Acceptance Testing (UAT) to ensure 100% stability prior to government turnover.

EDUCATION

Bachelor of Science in Information Technology | *Batangas State University*

- **Major:** Business Analytics
- **Expected Graduation:** 2026
